What is **MAKER FAIRE**?

Following the Maker Faire philosophy of family-friendly festivals of invention, creativity and resourcefulness; this gathering welcomes a broad range of ideas and projects brought to you by Saskatchewan community members from all walks of life!

Who are the **MAKERS**?

Makers are a combination of engineers, scientists, hackers, crafters, do-it-yourselfers; someone that does not settle for a ready-packaged solution. A creative person that will apply technology in new and innovative ways to solve a problem or just make our world a better place.

WHY SPONSOR **Maker Faire**?

We are seeking sponsors to help continue to grow this DIY extravaganza in Saskatoon. Over 200 Makers and thousands of attendees of all ages will participate in exciting exhibitions, demonstrations, and hand-on activities while enjoying roaming visual and performing arts.

Your generous support will help us grow Saskatoon Mini Maker Faire and continue to inspire **learning**, **creativity** and **invention** throughout the **community**, so please consider getting on board!

Visit us online for pictures, videos and more!

WHAT DO PEOPLE THINK ABOUT MAKER FAIRE?

It was **amazing!** I could not get the kids to leave! Hours of **MAKING, BUILDING, EXPERIMENTING, LEARNING...**
Totally Nerding Out.

Saskatoon Mini Maker Faire was **FANTASTIC**, looking forward to next year already!

There really was **something for everyone.**

So many cool **AMAZING** things, our brains can't handle it!

A **wonderful** mix of the "Ancient Arts" & New Technology.

Our young family had **SUCH a FANTASTIC** time, especially with the **hands-on demos.**

The Maker Nucleus Foundation

Saskatoon Mini Maker Faire is independently organized and produced by The Maker Nucleus Foundation Inc. – a Saskatchewan non-profit organization managed by artisans, inventors and entrepreneurs – and operates under license from Maker Media, Inc. This event is made possible thanks to Makers, enthusiasts, and volunteers.
